Universidade Aberta

The FLeD Garden playful experience comprises five challenges, including deciphering riddles, co-designing a flipped classroom plan, and sharing experiences in a virtual community of practice.

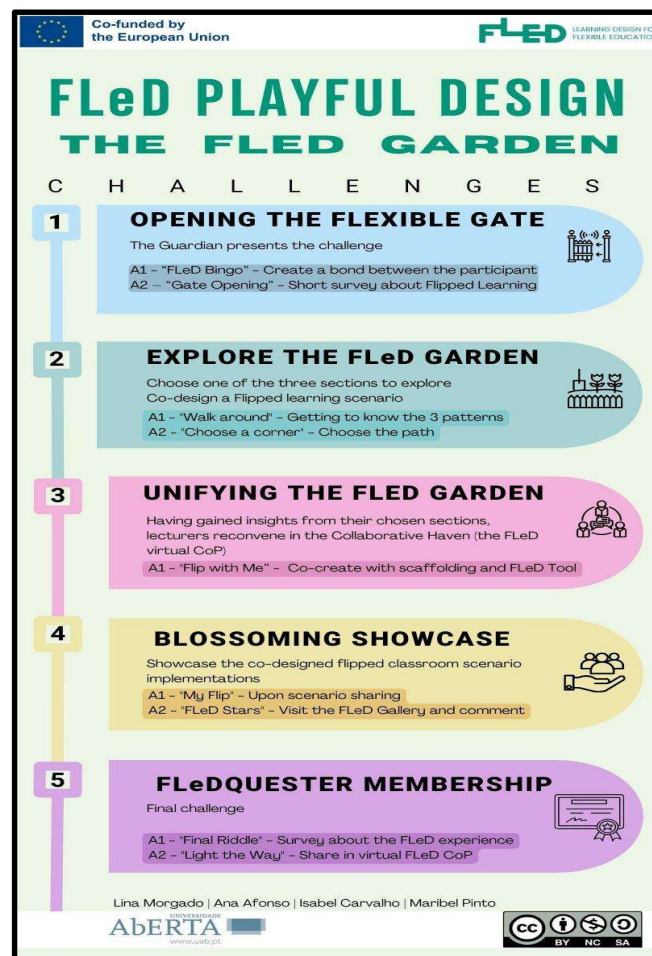

Fig. 1. FLeD Garden Challenges Infographic

To reward participants for completing the proposed challenges, the FLeD Garden offers a total of 7 badges. For example the "Scenario Maven" badge is earned by completing Challenge 4, "My Flip," which involves sharing a flipped learning scenario in the FLeD Tool. Similarly, the "Inspirational Navigator" badge is obtained by engaging in the (co)design of a chosen flipped scenario and interacting with the resources in Challenge 3. Additionally, the "FLeD Pioneer" badge is awarded for registering on the FLeD Tool and exploring it in Challenge 2. The

"FLeDQuest Conqueror" badge is earned by completing Challenge 5, "Final Riddle," which involves answering a satisfaction survey about the FLeD experience.

Fig. 2. The FLeD Garden Badges

FLeD badges were created using Canvas Credentials (formerly known as [Badgr](#)) a digital badging platform that awards badges based on predefined earning criteria.
