### Abstract:

This proposal looks at the relationship between the ENID-Teach project and the community platform for Adult Learning in Europe - EPALE. The project academics in digital pedagogies, promote flexible teaching models and re-establish the ReColn-TaD cooperation network between university professors. European Union initiative for adult education with the aim of promoting knowledge sharing and building a transnational community of educators.

The aim of this presentation is to report about the strategy for using EPALE by the Portuguese ENID-Teach team, explaining the decisions made and sharing th

The results obtained are positive and its possible to conclude that EPALE, despite some limitations, is a valuable tool for european dissemination, collaborati with some impacts in building partnerships of cooperation. It is a platform for sharing and cooperation for those who have links to the field of adult educati university environment.
